Upgrade / update to the lastest version

Overview: zoom regularly provides new versions of the Zoom desktop client and mobile app to release new features and fix bugs. **Note:** we recommend checking for updates at least once a month.

Zoom desktop Client (PC, Mac, or Linux)

If you already have the Zoom desktop client installed you can check for updates:

1. Click on the icon to open the zoom desktop client.
2. Sign in to Zoom desktop client.
3. Click your profile picture or your profile initials then click Check for Updates

4. Zoom will check and run updated; a pop-up box will appear and afterword will let you know you are updated and what is the version number.

Zoom mobile app (IOS or Android)

1. Zoom displays a mobile notification whenever there is a new update.
