

## **Health Systems Management Certificate Requirements:**

### **This 12-credit program requires the following:**

- Health Law (HSMG 630)
- Health Finance (HSMG 699)
- Health Economics (HSMG 701)
- Healthcare Systems, Organization and Management (PUAD 750)

NOTE: Students with an undergraduate degree in health care administration or with significant work experience in the health systems field can substitute Health Systems Management: Organizational Design and Human Resources (HSMG 766) for Healthcare Systems, Organization and Management (PUAD 750) with the approval of the program director.
