

JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT

Annual Security Report 2022

UNIVERSITY OF
BALTIMORE

A Message from the Coordinator of Campus Safety and Security, Keith Merryman

As students, faculty, staff or visitors to our campus, each of you have specific goals and/or purposes that bring you to The University of Baltimore. The purpose of this information is both to comply with the legal requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and to inform and alert you to the role that you play in the safety and security of yourself and others.

The entire University community is involved in creating and maintaining a safe environment. The University of Baltimore Department of Campus Safety and Security is fully engaged with the University community, in a partnership that encourages a safe and secure campus for the pursuit of your personal or professional goals. This concept is known as *community policing*, and it has been endorsed by The University of Baltimore Department of Campus Safety and Security.

We encourage everyone to act as an extra pair of eyes and ears, reporting anything that looks suspicious to University of Maryland Baltimore Police by calling 911. As partners, we have a shared responsibility to ensure that the University of Baltimore remains a desirable learning and working environment. To that end, we look forward to working with you.

Introduction:

The University of Baltimore’s annual security report is prepared to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings owned or controlled by The University of Baltimore; and on public property immediately adjacent to and accessible from the campus. The annual security report is prepared in cooperation with the University of Maryland Baltimore Police Department, Baltimore Police Department, and the University's Office of Student Success.

Campus crime, arrest and referral statistics include those reported to the University of Maryland Baltimore Police Department, the Baltimore Police Department, and identified campus security authorities. Moreover, a procedure is in place to anonymously capture crime statistics disclosed confidentially to a counselor. The University of Baltimore Campus Safety and Security department prepares the Annual Security Report.

Each year, an e-mail notification is sent to all enrolled students, current faculty and staff. This notification provides the website address to access this report. Copies of the report may also be obtained at the Office of Student Support, in Academic Center Room 112. This same notification is also printed on employment applications, admissions applications, handbooks, and catalogs.

Footnotes:	
1	The Universities at Shady Grove (USG) is a Regional Center for the University System of Maryland (USM). Degree programs provided by 9 of the 12 USM institutions are offered at USG. Students from each of these 9 institutions attend classes at USG and in some cases may attend classes on both campuses.
2	Statistics listed in the "Public Property" category include those that took place off campus, on public property immediately adjacent to and accessible from the campus, but not on USG property.
3	Hate Crimes are crimes that manifest evidence that the victim was intentionally selected because of the victim's actual or

	perceived Race (RA), Religion (RE), Sexual Orientation (SO), Gender (G), Ethnicity (E), Disability (D), Gender Identity (GI), or National Origin (NO). Any numbers in small-print parentheses would indicate how many of the total number or reported incidents were motivated by each type of bias.
4	Statistics on this chart are a summation of records requested and received from the Montgomery County Police Dept. (which includes all Rockville City Police Dept. records) and the Maryland State Police. This chart additionally include all Clery reportable statistics reported to USG security officers or other Campus Security Authorities.

6	Individuals not arrested, but referred for possible campus disciplinary action (e.g. first offenders required to attend educational programs.)

Moreover, this information exchange ensures that the university is in compliance with local, state, and federal laws, regulations pertaining to campus safety issues. In addition, defective lighting conditions are reported as detected by other building service personnel and University of Maryland Baltimore Police. Ad hoc meetings between Facilities Management and the University of Maryland Baltimore Police Department are held to establish other relevant safety issues or concerns.

Selected officers routinely conduct various surveys and forward reports to the appropriate department or agency. These surveys not only address existing conditions but also can include recommendations for improvements. Additionally, Police/Security officers report any safety hazard to the appropriate authority on or off campus. Any repairs that include security and safety implications are prioritized and handled accordingly.

UBalt is an open campus that welcomes faculty, staff, students and visitors, all of whom use UBalt facilities available as scheduled by the university. Faculty, staff and students are issued identification cards. Everyone using the campus is required to show proper identification pursuant to policy and when requested by a Police/Security officer or by authorized personnel of the university.

The University of Maryland Baltimore Police Department (UMBPD) has instructed its personnel, while investigating or becoming aware of a sexual assault, domestic violence, dating violence or stalking incident (s) involving a campus member, all UMBPD personnel are authorized to advise the victim/complainant of their right to file a Title IX sex discrimination complaint with the university in addition to filing a criminal complaint, and to report such incidents of sexual violence to Suzanne Tabor, Title IX Coordinator (X-4533), Office of Student Support and the Dean of Students (X-4755), Office of Human Resources (X-5410), or email T9@ubalt.edu if the victim/complainant consents.

Law Enforcement Reporting Procedure and Protocols

Victims are encouraged to report any sexual assault, domestic violence, dating violence, stalking or any criminal act.

Victims of sexual assault, domestic violence, dating violence or stalking are urged to contact law enforcement or medical personnel as soon as possible following the occurrence to receive guidance in the **preservation of evidence needed for proof of criminal assaults** and the apprehension and prosecution of assailants. Through its concurrent Jurisdiction and Mutual Aid Agreement with the Baltimore Police Department, the University of Maryland Baltimore Police have access to the Baltimore City Police crime laboratory resources and other investigating units upon request.

Any victim of, or witness to, a crime should report the incident to any of the following:

- University of Maryland Baltimore Police Department – 214 N. Pine Street - (410) 706-6882
- Baltimore Police Department - 911
- Office of Student Support and the Dean of Students - Academic Center, room 112, (410)837-4755
- University of Baltimore School of Law Office of the Dean – Angelos Law Center, room 709A, (410)837-5283
- Executive Director for Student Development - Academic Center, room 113B, (410)837-5592

It is important to report the incident immediately and to preserve all physical evidence.

Victims or witnesses may make a voluntary, confidential crime report for inclusion in the annual crime report. Counselors may inform their clients of the opportunity to make such a report.

Non-Campus Reporting of sexual assault, domestic violence, dating violence or stalking

When a report of sexual assault, domestic violence, dating violence or stalking is made to the institution's initial contact, that person will encourage the alleged victim to contact the Baltimore Police Department and medical personnel as soon as possible following the incident to receive guidance in the preservation of evidence needed for proof of criminal assaults and the apprehension and prosecution of assailants. Campus authorities will assist in notification of non-campus authorities at the request of the alleged victim. University of Maryland Baltimore Police Department also monitors non-campus crime through cooperation with the Baltimore Police Department

Additionally, campus personnel will retain the right to contact law enforcement personnel directly where an issue of campus security is involved. Campus personnel will also assist the alleged victim in obtaining medical attention, if the victim chooses, including providing transportation to the Mercy Medical Center or other S.A.F.E. hospital.

What To Do If You Are a victim of a Sexually Assault, domestic violence, dating violence or stalking

- Get to a place where you will be safe from further attack. For your own protection, call the police immediately, especially if the assailant is still nearby. The police will help you whether or not you choose to prosecute the assailant.
- Call a friend or family member for support.

- Get medical attention immediately. The primary purpose of a medical examination following a rape is to check for physical injury, the presence of sexually transmitted diseases or pregnancy as a result of the rape. The secondary purpose of a medical examination is to aid in the police investigation and legal proceedings. So, get medical attention as quickly as possible.
- Don't bathe or douche. Bathing or douching might be the first thing you want to do. However, you will literally be washing away valuable evidence. Wait until a doctor has examined you.
- Save your clothing. It is all right to change clothes. But save what you were wearing. Your clothing could be used as evidence for prosecution. Place each item of clothing in a separate paper bag for the police.
- Report the incident to the police. It is up to you, but reporting a rape isn't the same thing as prosecuting a rape.
- Prosecution can be determined later. To contact the University of Maryland Baltimore Police, call (410)706-6882, 24-hours a day. A number of campus personnel are willing and able to assist victims in reporting assaults to the proper authorities.

Victims of **Domestic/Dating Violence** should take steps to preserve any possible evidence that may aid in any administrative action and/or criminal prosecution that may result.

Examples of items that may serve as evidence would be:

- Any recorded media such as voice mails, e-mails, text messages, Facebook or other social media messaging.
- You should also preserve any other notes, writings, correspondence, etc., that may be relevant to the case.
- Depending on the situation, clothing worn by the victim and/or suspect may also be needed as evidence and therefore should be preserved in its original state.
- Do not disturb the scene of any domestic/dating violence incident as police may want to photograph the scene upon their arrival. They will also want to photograph any injuries that are immediately apparent or that may appear days later.
- If any weapon was used or any object was used as a weapon, leave it in its original position and do not touch it until police arrive

If you are a victim of a sexual assault, domestic violence, dating violence or stalking and decide not to notify the police, please secure medical attention and contact any of the victim support resources listed below. The campus will also assist the victim with contacting any of these supporting agencies.

- Turn Around –Hot Line at (443)279-0379 or for appointments at (410)377-8111
- Maryland Coalition Against Sexual Assault – (301)565-2277

The campus will assist the victim, at their request, in notifying the appropriate law enforcement authorities to file criminal charges. The university will also provide full and prompt cooperation in assessing the appropriate medical attention for the victim, including transportation to a hospital equipped with a sexual assault evidence collection kit.

The university will investigate sexual assault, domestic violence, dating violence or stalking complaints and adjudicate them in accordance with university disciplinary procedures. Both the victim and the accused will be allowed to have witnesses present during the hearing process, and will be notified of the outcome of the university disciplinary process.

UB is committed to protecting reasonable confidentiality of the victim, affording protection against reprisal, and providing due process to those accused of violations. The university will provide other services as appropriate or feasible including alternative class scheduling and psychological support to the extent possible.

An educational and informational campaign to assist with the prevention sexual assaults, domestic violence, dating violence or stalking will be readily available to students, faculty, and staff. The educational programs are provided through various formats, which address the issues germane to sexual assault and its prevention, including **domestic violence, dating violence or stalking**, and self-defense. In addition, there are free pamphlets available on all these topics.

Victims of sexual assault, domestic violence, dating violence or stalking have access to counseling through a university-associated psychotherapist or referral to nearby community resources. The university offers numerous educational programs for the awareness and prevention of sexual offenses and counseling services for the victims/survivors of sexual assaults, domestic violence, dating violence or stalking.

A current list of advocates (survivors of sexual trauma) is maintained for student/employee outreach should the need arise.

The university community is notified of services through prevention programs, university publications, flyers on bulletin boards, and by calling the Office of Student Support Services for specific information.

In cooperation between the Center for Student Involvement and the University of Maryland Baltimore Police, a Rape Aggression Defense Program (RAD) is offered to female and male employees and students by a University of Maryland Baltimore police officer, certified as a RAD instructor.

Haven – Understanding Sexual Assault™ addresses the critical issues of sexual assault, relationship violence, and stalking, which impact countless college students across the country.

Haven uses a population-level approach to educate all students on the issues associated with sexual assault and relationship violence, taking into account their unique perspectives and experiences, providing:

- Key definitions and statistics
- Reflective and personalized content
- Bystander skill and confidence-building strategies
- Campus-specific policies, procedures and resources
- Rich data summaries to inform future programming

Campus Sex Crimes Prevention Act

Various statutes, including the federal Campus Sex Crimes Prevention Act, Section 121 of the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921) require higher education institutions issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders can be found. It also requires sex offenders already required to register in

a state to provide notice, as required under state law, of each institution of higher education in the state at which the person is employed, carries on a vocation, volunteers their services, or is a student. Maryland sexual offender registration information, including registrants employed or enrolled at Maryland higher education institutions can be found at:

<http://www.dpscs.state.md.us/sorSearch/>

You can perform a general search or go to the right side of the page and click on "MD Institutions of Higher Education." Also, through the Maryland Sex Offender Alert Line, you can receive a phone call when a convicted sex offender moves into your zip code. Call the Maryland Sex Offender Alert Line at 1-866-559-8017 and enter your phone number and zip code. When the Department of Public Safety and Correctional Services receives notice that a registered sex offender is moving into that area, you will receive a notification call. You will then be directed to the Maryland Sex Offender Registry at www.socem.info for more information.

Policies on Drug and Alcohol Use

University of Baltimore

IV.1.1 Policy on Drug and Alcohol Use

Approved: Spring 2006

Reviewed: Fall 2014

Reviewed: October 2016

Updated: October 2018

Updated: September 2020

Drug and Alcohol Policy General Statement

The use or abuse of controlled or illegal substances, including alcohol, poses a serious threat to the health and welfare of a large segment of the college student population through a lessening of academic performance, estrangement of social relations, creation of mental health and physiological problems, vandalism, and in some cases bodily injury, illness, and death.

The University of Baltimore drug and alcohol policies are designed to help protect the health and welfare of students, observe state, federal and local laws and to maintain an atmosphere and environment appropriate for learning.

Health Risks

Substance abuse is recognized as the number one public health problem in the United States accounting for about 150,000 deaths annually. This includes deaths from stroke, disease of the heart and liver, and all alcohol and drug related suicides, homicides and accidents. About 30 percent of all those admitted to general hospitals and 50 percent to psychiatric hospitals have detectable substance abuse.

Treatment/Referral

Persons interested in discussing drug or alcohol related problems are encouraged to contact the [University of Baltimore Student Assistance Program \(SAP\)](#) for counseling or referral services. In addition to short-term counseling, the University of Baltimore Student Assistance Program (SAP) offers resources for child and elder care, and legal and financial consultation. Violations

Violations of laws and university policies and regulations regarding the use of controlled/illegal substances and alcohol at on-campus or University-organized activities off-campus will be subject to prosecution through both law enforcement authorities and the campus judicial system. Penalties through the latter authority will depend on a careful review of the entire circumstances of each individual case, but will take into consideration such factors as the accused person's previous record, the nature of the substance, and the degree of culpability. The range of university penalties shall include, but not be limited to, disciplinary reprimand, loss of privilege, restitution, disciplinary probation, disciplinary suspension, disciplinary dismissal, and disciplinary expulsion.

Students and employees at the University of Baltimore are subject to federal, state and local laws regarding the possession and distribution of illegal drugs. Federal Law 21 USCA, sections 841 and 844, states that it is unlawful to possess, manufacture, distribute or dispense a controlled substance. In addition, the state of Maryland has its own laws dealing with distribution, manufacturing, and possession of controlled substances. Maryland law (Sections 5-601, 5-602 and 5-607, Criminal Law Article) states that any persons who unlawfully manufacture, distribute, dispense or possess a controlled dangerous substance may be subject to imprisonment up to 5 years and fines up to \$25,000.

Federal law 21 USC, sections 841 and 844–845a (1990), states that it is unlawful to possess any controlled substance for any illegal purpose. If the substance is cocaine, or contains a cocaine base, the penalty for simple possession is a fine and/or imprisonment from 5 to 20 years. For other illegal drugs, the penalty for simple possession is a fine of at least \$1,000 and/or imprisonment for up to 3 years. The penalties increase if the possession includes intent to manufacture, distribute, or dispense a controlled substance, especially if done so near a public or private elementary, vocational, or secondary school, or a public or private college or university. Additionally, any person who violates this law shall also be liable to the United States for an amount up to \$10,000 in civil penalties.

Convictions related to controlled and/or illegal substances will adversely impact a student's ability to receive federal financial aid.

In addition to the Federal laws, the State of Maryland has its own laws pertaining to distribution, manufacturing, and possession of controlled substances. Md. Ann. Code Art. 27, section 286 (1989), states that any person who unlawfully manufactures or distributes any controlled dangerous substances may be fined up to \$25,000 and may be imprisoned for up to 20 years for a first offense.
